

LW008-MTE

MOKO SMART

Small-sized LoRaWAN Tracker

Multiple installation options

Long wireless transmission distance

High durability and impact resistance

Built-in accelerometer

Multiple working mode

IP67 rating

LoRaWAN Tracker

Compact Size Easy Tracking

LW008-MTE is a small size LoRaWAN tracker, incorporating both GPS and Bluetooth positioning technologies, making it versatile for both indoor and outdoor location tracking applications.

Its compact design allows for the tracking of smaller vehicles and assets that traditional trackers might struggle with. This includes, but is not limited to tracking valuable small assets, shared balance bikes, and shared bicycles, providing unparalleled convenience and accuracy in a wide range of scenarios.
