

MOKO SMART

Tiny Size Tracker, Max Tracking Ability

M12 Tiny Tag

The M12 Tiny Tag is an ultra-thin, miniature BLE asset tag engineered specifically for asset tracking. Its soft material and peel-to-sticker form enables M12 to blend seamlessly onto various surfaces — ranging from medical devices like infusion pumps to industrial transit boxes.

With an IP67 waterproof rating enclosure, it ensures rugged reliability and expands deployment possibilities to demanding or moisture-prone environments, which is ideal for most healthcare and warehouse applications.
