W6R/W6BR

Wristband Beacon

The W6R/W6BR, powered by Bluetooth Low Energy technology and designed especially for the patients/nurse emergency assistance in healthcare.

It features an IP66-rated enclosure and designed for maximum convenience, featuring a tool-free battery replacement mechanism. This allows users to change batteries quickly without using any tools to save maintenance costs.

Application

Shopping Mall

Healthcare

Multiple wearing methods

IP66 Waterproof

Replaceable battery

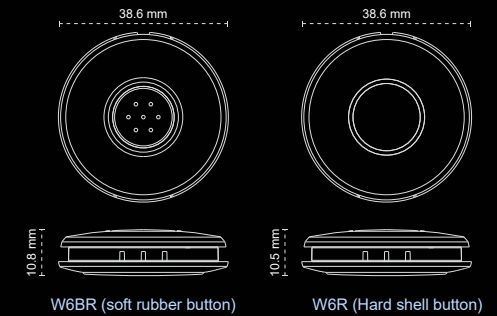

RFID available

General Specs

Connectivity:	BLE 5.0
Range:	UP to 150 meters (without any obstacles)
Dimension(main body):	38.6mm*38.6mm*10.5mm (W6R) 38.6mm*38.6mm*10.8mm (W6BR)
Color:	W6R: Black W6BR: Black (body), Red (button)
Material:	ABS+PC (W6R), ABS+PC&TPU (W6BR)
IP rating:	IP66
Installation:	Wristband Keychain
Button:	Mechanical button
LED:	Red
Sensor:	3-axis accelerometer sensor
Battery lifespan:	1.5 years (Default settings*)
RFID/NFC:	Supported

Battery capacity:	CR2032 220mAh Replaceable battery
Operating temperature:	-20°C/60°C
Certification:	CE FCC RoHS REACH

Multiple Wearing Methods

Wrist wear

Keychain

Neck chain

*Default settings - 1 active slot, 1000ms ADV interval, 0 dBm Tx power and without 3-axis sensor.
